LOCAL FINANCIAL GOSSIP.

Washington Railway and Electric comnon enjoyed a genuine field day on the local exchange yesterday. A fierce raid was launched against it, and when the dust of battle had cleared away 3,900 shares had been sold, with several bidders in the field ready to take any amount offered. The selling started at 393-8, at which nearly 700 shares were taken. Then under active bidding the price advanced to 1-2, and went up by fractions to 40, at which price 1,000 shares were sold. There were several other sales at 40, and the fun closed with the bid price at 397-8.
